NEXA FITNESS LIBRARY

Gym Equipment Use Guide

General educational guidance. Follow your facility rules and seek qualified professional advice when needed.

Read the instructions

Check the machine label and ask staff to demonstrate unfamiliar equipment.

Adjust before loading

Set the seat, pins, handles and safety stops before beginning. Confirm the setting is secure.

Start light

Use a light resistance to learn the movement. Move slowly and keep control through the full range.

Keep clear

Keep fingers, loose clothing, hair and accessories away from moving parts and weight stacks.

Return equipment

Unload safely, return weights to their racks and report damaged equipment to staff.
